

Home School Partnerships

One of the many great things that have come out of the feedback from the parent survey was consolidating and building stronger links in our home school partnerships.

At any time you can make contact with the school and arrange an appointment to see your child's guardian teacher. There are formal written reports mid year and at the end of the year.

We have parent teacher interviews as needed, and also after the mid year report.

This year we have added in number of additional opportunities to meet with the teacher throughout 2017. Look out for our Open days Terms 1-3. They will be on Thursday Week 9, 1.30 - 2.45pm. Put this in your calendar and come along and see teaching and learning in action! We are underway with Pod/Team blogs using Seesaw, and have planned termly New Entrant Information Presentations.

For easy reference:
